EQUITY AFIA OPENS TWO NEW MEDICAL CENTRES IN KASARANI AND KIAMBU

New clinics bring total number of Equity Afia centers in the country to 18

Nairobi, 18th May, 2020... Residents of Kasarani and Kiambu can now access quality and affordable medical services at the newly opened *Equity Afia Kasarani* and *Equity Afia Kiambu* Medical Centres.

Located opposite Vision Plaza along the Thika Super Highway, Equity Afia Kasarani has been established to meet the increasing demand of quality and affordable medical care, thus complementing services offered by government, other private healthcare providers and the already operational *Equity Afia Kahawa West* Medical Centre.

On the other hand, the newly opened *Equity Afia Kiambu* Medical Centre is located at Pongezi Plaza along Kiambu's Biashara Street. The new clinic is set to serve the residents of the growing Kiambu Town and the neighbouring estates, eliminating the need to travel far in search of quality, affordable medical care.

Commenting on the opening of the two medical facilities, Equity Group Foundation Executive Director, Reuben Mbindu said, "We remain committed to providing quality, affordable, preventive and primary healthcare services in Kenya. These two new clinics will go a long way in expanding our outreach network in Kenya allowing us to serve more people."

Recently, *Equity Afia* opened the Changamwe medical centre to join the already operational centres in Buruburu, Kayole, Kawangware, Kahawa West, Utawala, Embakasi, Nairobi CBD along Biashara Street, Kikuyu, Thika, Ruiru, Ongata Rongai, Nyeri, Nakuru, Kakamega and Meru. Over the next few years, the Foundation targets to increase its outreach to all parts of the country.

"Additionally, we are committed to the government's agenda on universal health coverage and have already partnered with NHIF in offering services to the current active members under the various medical schemes. Our versatility and flexibility allows us to serve more Kenyans therefore improving their quality of life," added Mbindu.

Among the services offered include general consultation services, specialized clinics like obstetrics and gynaecology, well-baby clinics, dental services, optical services, dermatological services, paediatric services and nutrition services among others and are supported by well-equipped laboratories and stocked pharmacies.

Equity Afia is an initiative under the Equity Group Foundation that is using franchising principles to train and monitor a network of medical entrepreneurs, who are qualified alumni of the Equity Leaders Program (ELP). The main goal is to ensure sustained improvement of the health and well-being of Kenyans by increasing access to and utilization of quality, affordable and standardized healthcare.

About *Equity Afia*

Equity Afia (EQA) was established in 2015 under the Equity Group Foundation's (EGF) health pillar. The goal of *Equity Afia* is to ensure sustained improvement of the health and well-being of Kenyans by increasing access to utilization of quality, affordable and standardized healthcare.

Equity Afia is committed to the government's agenda on universal health coverage by increasing access to quality and affordable healthcare. In order to champion this, *Equity Afia* has instituted a rollout plan of setting up and operationalizing more outpatient health facilities over the next few years. This will be distributed across the country to ensure presence and coverage in each county.
